Why Use EDI?

Increased Speed!

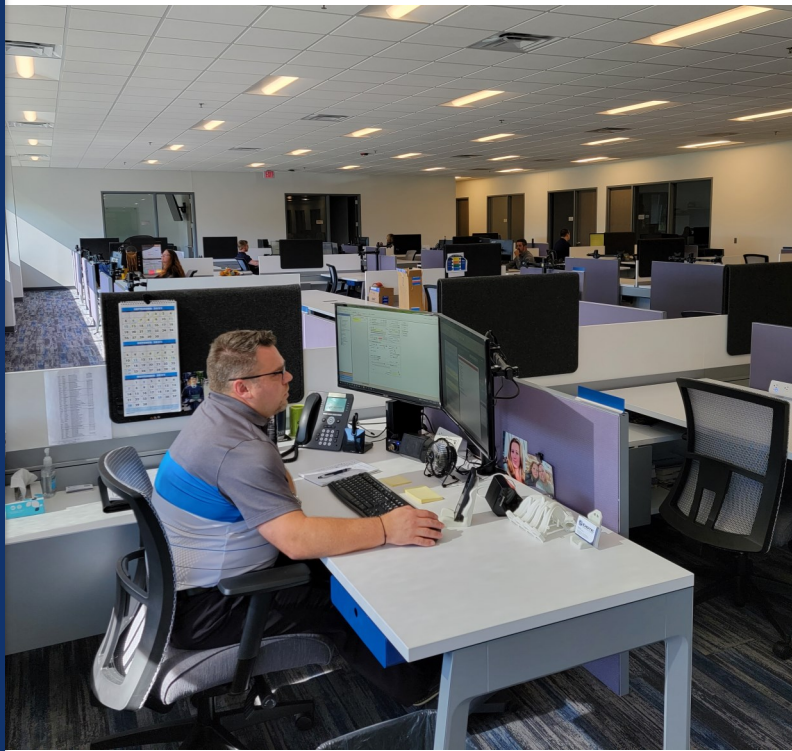

EDI can speed up your business cycles by 61%! Exchange transactions in minutes instead of days or weeks of wait time from the postal service!

Eliminate Errors!

EDI improves data quality, delivering at least a 30-40% reduction in transactions with errors.

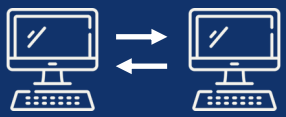

Cost Savings!

Exchanging documents electronically cuts back expenses associated with paper, printing, storage, filling and more. Lowering your transaction cost by at least 35%!

Documents Exchanged via EDI Include:

- Purchase Orders
- Invoices
- Advance Ship Notices
- Bill of Lading
- Customs Documents
- Inventory Documents
- Shipping Status Documents
- Payment Documents

EDI Processing Capabilities

Did You Know?

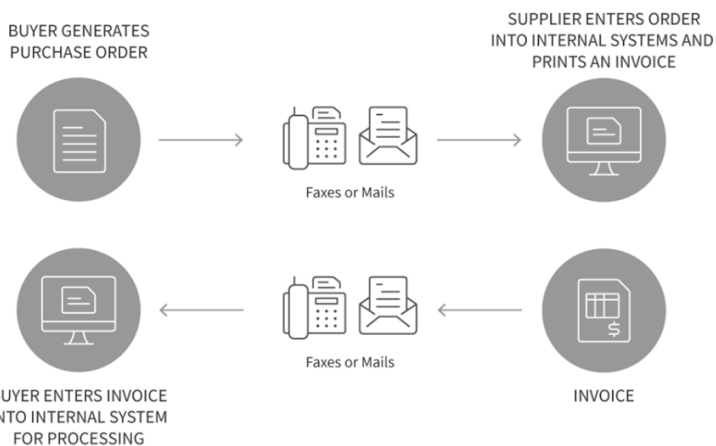

A major electronics manufacturer calculates the cost of processing an order manually at \$38 compared to just \$1.35 for an order processed using EDI!

Errors due to illegible faxes, lost orders or incorrectly taken phone orders are eliminated, saving your staff valuable time from handling data disputes.

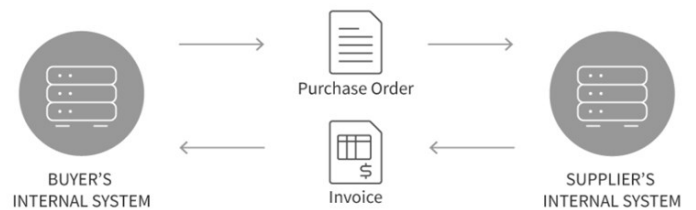

See the Difference EDI Makes:

Old Way - Orders are Processed Manually

New Way - Orders are Processed EDI
